CLASS - BLOOMS	SUMMER HOLIDAY HOMEWORK

Dear Parent,

Summer is here and so are the days of lazing around. Summer vacation is one of the most awaited breaks, both for the children as well as their parents. It is a break from the fixed schedules, rules and regulations and the Do's and Don'ts of the regular routine student life. We intend to make summer vacation a fun-filled experience for the children.
To make the best possible use of this time, we would like to encourage you all to spend more and more time with your ward, and re-strengthen your bond with them. This not only boosts their confidence, but also helps you to monitor and assess your ward's growth curve.

Here are a few valuable suggestions:-

- "Health is the greatest wealth"--- take your child for a morning walk daily; encourage yoga, physical exercises, cycling and other sports for total physical fitness of the child.
- Provide them with a balanced and nutritive diet and instill healthy eating habits in them.
- Plan the vacation in advance with ample time for rest and relaxation. Arrange outings to places of historical importance, amusement parks, children's movies etc.
- Encourage your child to develop healthy reading habits. This will increase their level of concentration, build up word-power and improve their communication skills. Develop healthy T.V viewing habits in your ward; guide him/her through the channels and programmes appropriate for his/her age.
