

26 July 2017 – Science Quiz

SCIENCE IS COMMON SENSE AT ITS BEST

THOMAS HUXLEY

To analyze, enhance and entrench the paramount trails of a 21st century individual, 'SCIENCE QUIZ' was organized for the students of Grade- I on 26 July 2017. Providing every child with the opportunity to be a part of this quiz, the preliminary round of the quiz was completed in the respective classrooms, which aided the selection of three students per team. Quiz revolved around rekindling the pragmatism through *IDENTIFYING THE PICTURE ROUND, TRUE/FALSE ROUND, ANSWER IN ONE WORD, REASONING* and *SPELL BEE ROUND*. The steaming knowledge bank of the teams led to a tie breaker round to reach the finale.

The theme of the quiz was to provide the students with the knowledge of different scientific facts built upon their prior knowledge and provide them with a better understanding of concepts already known to them. The quiz also helped the students in improving their listening, reasoning, identification skills and also enriching their vocabulary. Such amazing facts explored through this quiz served a great purpose in providing the young minds with active learning skills.

The winners of the competition were:
