Circular No.:-SGS/Admn./063/2010

Subject : E-mail IDs for students

Dear Parents

Greetings!

We aspire to keep our children in tune with the cutting edge technology. The school has therefore, taken an initiative to create individual email IDs for the students by adopting **Google Apps** as the preferred platform for collaborative resource sharing/learning & communication needs. This powerful platform comprises of a set of web applications with operational functionality similar to the traditional office suites.

It will be an endeavour for the school to use this mode of communication as well, in tandem with the already existing dynamic web site for posting messages, notifications, circulars, etc. from time to time. Students will be able to access their emails by visiting the Student Area of the school website <http://www.sachdevaglobal.in> and by logging in using the provided user-id and password for **MySGS mail (For Direct Access go to <http://mail.MySGS.in>)**

We also recommend the parents to actively monitor and manage the information that the children will exchange through this medium.

These email ID's will remain functional for life and will enable the students to stay in touch, share incidents, joys, sorrows, achievements as they grow into accomplished global citizens and will also enable them to knit a strong alumni community after they have passed out from the school.

Warm regards

Amita Saxena
(Headmistress)
