

*Holidays are fun times spent with loved ones around.*

Summers are very much here again and heading in for the summer vacations is what we all are looking forward to. Time well spent with our loved ones is the best we can do and this is the time to bond and make beautiful memories together. Holiday season is the perfect time to reflect on our blessings and seek out ways to make life better for those around.

Adding on to this, we at SGS believe that we all should try and look into what has been achieved so far and what are the goals ahead. For a vacation to be successfully planned, revision of what is learnt also has a role to play. To strengthen the academic understanding of our young learners, apart from watching educational and interesting facts on television and the net, here's something to revive their education times spent with us in school.

The following will definitely help in honing varied skills of your child:
